## DM130DTG AT A GLANCE

The DM130DTG District® Perfect Tri® DTG Tee is a revolutionary advancement in direct-to-garment (DTG) printing. Thanks to a proprietary technology, this tee is completely pre-treated on the inside and on the outside front, back, sides and sleeves.

The DM130DTG is ready to print right out of the box—making DTG printing faster, cleaner and more cost-efficient.

### KEY DECORATOR BENEFITS

- Removes the need for pre-treatment
- Leaves no pre-treatment stains or “rings” on the shirt after printing
- Increases efficiency—you’ll spend less time when DTG printing
- Requires fewer chemicals that need to be stored or used in the decorator’s shop
- Saves shop space by eliminating the need to house a pre-treatment machine
- Makes it easier to print on-demand at events and to respond faster to market trends

### NEW!
